

Improved Touring Triple Crown

This racing program is designed to bring additional exposure to Improved Touring by providing recognition of those drivers that excel at a variety of tracks and events on a National level. These are the guidelines, standards and procedures of the IT Triple Crown (ITTC).

1. Participant Eligibility: The ITTC is open to all drivers eligible to race in SCCA events.

3. Sponsor Requirements: All cars must meet any sponsor-mandated decal and/or usage requirements to be eligible for additional sponsor-provided prizes. These requirements will be communicated via the event supplementary regulations prior to the race weekend they become effective.
4. ITTC Segments: The four Segments that make up the ITTC are as follows:
 - A. The driver's Local Series
